

# JONI TIRKKONEN

## PROFILE

I am a first year student of ICT at Haaga-Helia university of applied sciences. I have also studied ICT-engineering for almost two years at Metropolia UAS.

I am looking for a job where I can enhance my skills in ICT and where I get to learn more about different systems. Especially for the summer.

I would describe myself as an extrovert person and I have already gained experience at working in different kinds of job environments.

## WORK EXPERIENCE
